To Whom It May Concern:

Yesterday, York Technical College had the pleasure of hosting the Drunk Driving Simulator on campus. It was our sincere hope that we could raise awareness about the severity of drunk driving. Bringing the Save A Life Tour to our campus gave us the opportunity to educate our students about the reality of drunk driving while allowing them to have fun at the same time.

On behalf of all the students, faculty, and staff at York Technical College, I would like to thank Kramer Entertainment for providing a great educational alternative to students to help them learn about the detrimental effect drunk driving can have.

Sincerely,

Becky Mestas
Assistant Director of Student Activities
